60. (Previously Presented) The process of claim 59, wherein the best price available is determined as a function of the price of the quote and the time that the quote was submitted.

61. (Currently Amended) ~~The process of claim 9,~~ A process for displaying quotes on a trading screen used in an automated trading system on which a plurality of trading entities trade, some, but not all, of the trading entities having bilateral credit with one another, those trading entities having bilateral credit with one another being trading counterparties, the process comprising:

displaying a quote made by a first trading entity on at least one trading screen associated with the first trading entity; and

providing an indication to the first trading entity that its quote can be accepted by a predetermined number which is more than one but less than all of the first trading entity's trading counterparties,

wherein the first trading entity has bilateral credit with another trading entity as a function of an amount of remaining credit a first credit granting entity, which is associated with the first trading entity, has extended to a second credit granting entity, which is associated with the other trading entity.

62. (Previously Presented) The process of claim 61, wherein the first and second credit granting entities are respective trading floors.
